

Silver Silent Guard

Quality Underlayment for Laminate

Engineered Wood & Floating Hardwood Flooring

Installation Options & Instructions:

- Be sure the subfloor is solid, clean and dry. A moisture test is recommended before all flooring installations.
- For SUSPENDED ON GRADE or BELOW GRADE floors: Roll Silver Silent Guard underlayment over subfloor, moisture barrier down.
- For SUSPENDED ON GRADE, Silver Silent Guard can be installed moisture barrier up as a spill guard protector.
- For ON GRADE or BELOW GRADE where moisture is a concern install Silver Silent Guard moisture barrier down. Recommend taping seams underneath against subfloor.
- Seams need to be butted together flush; do not overlap the pad. Tape seams with water and tear resistant utility-grade polycoated tape that has an aggressive adhesive.
- Install flooring according to manufacturer's installation instructions.
